Venus Enters Virgo

Finicky taste abounds for the next few weeks, and you'll find people turning up their noses at situations they would have gratefully embraced only weeks earlier. Competition will, of course, change all that soon enough, so if you're wise you can pick up the neglected seconds now and they'll be worth double in no time. In fact, you may want to keep them.

Pluto Stationary Direct

Mercury Opposition Uranus

Sudden insights appear and then vanish before you can work them out and set them down. The journey of the mind is interrupted and must proceed in fits and starts. It's a good time to see different sides of the issue, but hard to get a tight bead on the target. Take it in stride and collect information.

Mars Square Pluto

A maze of twists and turns emerges from dodging too many roadblocks without having a real plan. The only sure way out of a maze is to make turns in only one direction, right or left, but clearly few know that. Don't push the envelope, circle around inside it until you find the door, then vamoose.

Venus Trine Uranus

A broad scope of varied and original experiences are open for exploration, and it's easy to lose your fear of risk and embrace the new. What might have seemed a bit over the top before now looks like your cup of tea, with others jumping in to try out the most exotic tastes. There's nothing like a hands-on education.

Jupiter Sextile Neptune

A more realistic and satisfying way to blend dreams, hopes, and expectations by sharing is in the wind, if you are willing to take a deep breath. Actually, a series of shallow breaths describes it better. What once you may have kept to yourself, it is time to exchange with others who have been in the same situation. Fortunately, the air is very conducive to doing just that, and what might have been hard to say before comes more easily with the knowledge that it is a two-way street of mutual trust and reward. You may find this critical to your happiness, or you may just find yourself in a general situation where it helps others and it's the best thing to do to go along. Either way, you win.

Mercury Sextile Venus

At this rather rare time, it is possible to stand back and take a look at your aesthetic accomplishments and generally take self-congratulatory stock of your surroundings. Although you may take your talents for granted, it can be a joy to take inventory now and then so you know just what you are showing off.

Mercury Stationary Retrograde**Venus Opposition Neptune**

Difficulty in focusing in on just what it is you want is universal, so don't try to pin down other people's orders (or your own) too tightly as no one has as firm a grip as usual. Where you can put off decision, do so, as whatever you initiate will partake of this uncertainty down the line and this moment could stick with you longer than you might like.

Mars Square Jupiter

Upward spirals consume evermore energy without making much upward progress, and those urging on their stallions may really be beating a dead horse. Wasting energy in the interest of imagined accomplishment can really tax resources, so take a second look before you jump in and tax yourself in the general fray.

Venus Trine Jupiter

Bounty and generosity go hand in hand and snowball when everyone is willing to tap assets without holding back. To live is to give, and get back accordingly. Launch it now and there will always be plenty to go around, a veritable birthday for the golden goose. The operant idea is growth through good feeding in all respects.

Mercury Opposition Uranus

Sudden insights appear and then vanish before you can work them out and set them down. The journey of the mind is interrupted and must proceed in fits and starts. It's a good time to see different sides of the issue, but hard to get a tight bead on the target. Take it in stride and collect information.

Venus Trine Pluto

When you're sure you're going to get what you want, you probably will, and that kind of attitude all around makes for a general win-win situation. Cross-purposes are at a minimum and a fundamental agreement on mutual goals and desires means one hand washes the other and vice versa for joint pleasures.

Venus Trine Saturn

Beauty and wealth both come from the bottom up -- built, not just acquired. Desires are truly fulfilled only by plumbing their depths and knowing what it is you really want in the long term. Addressing these issues now allows for lasting satisfaction where recurrent cravings no longer unsettle the sleep.

Mercury Conjunction Sun

High mental energy burns hot, a real brain boiler. The trick is to keep up with everyone without missing a stitch or dropping the ball. Great ideas abound, but don't buy everything you see until you give it a second, cooler look. Everyone can be too close to the subject to realize that what recommends it is only the heat of the moment.

Mercury Rx into Libra

Everyone's talking both sides of the issue for a few weeks, and it will be hard to take one side without somebody hopping on the other. Clever repartees abound and more than the usual double-entendres and puns fill the air in a competition for the intellectual edge. Join in if you want to, but don't feel you must.

Venus Enters Libra

All things bright and beautiful are what everybody's asking for these next few weeks, and there's much competition to one-up each other in matters of taste and possessions. That drives prices up, both financially and emotionally, so you may want to think twice before going for that higher bid. It might be overpriced.
